

SQ3R: Survey, Question, Read, Recite, Review

Chapter: _____ Section _____ SQ3R Pages: _____ Number of Questions: _____

Name: _____ Date: _____ Period: _____

Step One: Survey: Look at pictures, captions, bold words, titles, etc... to get an idea of what you will be reading about.

Step Two – Question: Based on what you surveyed, ask questions that you would like to have answered during your reading. These cannot be Yes/No type questions. Number your questions!

Step Three – Read: read the material with your brain. **Think** about what you are reading and read for comprehension. In the space below and on the back of this page, **write notes** over the material you are reading. Write all **bold** words, etc. – vocabulary and concepts, and **write their definitions**. Write examples that explain the terms and concepts, draw pictures, etc. . .

Reading Notes (continued)

Step Four – Recite: Without looking at your notes, **review the information you just read.** You may do this in your mind, you may write or draw it out on paper, or you may say it out loud.

Step Five – Review: Review the text and your notes. In the space below, **answer the questions you wrote in Step 2.** Remember **to number your answers** and to write using **COMPLETE SENTENCE FORMAT!**
